TRAVIS
EMICK

DESIGNER / DEVELOPER

✳

ABOUT ME

I design & build applications and interfaces for humans.
Degrees in *art history* and *information science* position me well
for tackling the challenges of a design / front-end specialist.

WORK EXPERIENCE

2024
2019

Freelancing
San Francisco

While completing design projects for clients; I've been
mastering the skills required for front-end engineering.

2019
2016

Head of Design
Zeguro | San Francisco

Developed components, products, and branding as the first
designer at a cybersecurity startup.

2016
2012

Digital Experiences Coordinator
UC Hastings | San Francisco

Designed and built web apps to assist students in legal
research and test prep.

2016
2010

Digital Projects Librarian
Boston College Law | Newton, MA

I worked with faculty and staff to digitize the law school
archives and make that archive available to a world wide
audience.
